HELLO!

We are a school which is committed to preparing children for a bright future in a changing world.

We enjoy getting to know every child, and their family, so that we can understand individual needs and ensure a positive learning experience for all. As a school community we work together to deliver an exceptional learning experience, using wonderful stories and themes to stimulate engagement, thought and learning.

Children at our school enjoy learning and achieve incredibly well because of our outstanding curriculum, and we have put in place a programme of awards to continually maintain its quality. Our incredibly caring and nurturing staff put the needs of our children first and take a holistic approach to supporting positive emotional health and wellbeing as well as academic progress. We aim to maintain an environment where children are kind to one another, enjoy their time at school, feel safe and are high-achieving. To support this, we have developed a school community ethos of Aiming High:

We are sure that you will be delighted by all the great things we have on offer for you and your child. If you would like to arrange a visit to take a look around our school, then please get in touch. We look forward to welcoming you.

“Our Trust is a family of schools with a shared vision. We are all passionate about helping each and every child to be safe, healthy and successful, regardless of their background or early life experiences.

Children deserve an outstanding education that prepares them, both emotionally and academically, for their next steps in the world. We get to know every child as a unique individual and work together with families to support their individual needs. Our Trust also draws on the community relationships and partnerships that we have established to provide a wealth of inspiring experiences in order to nurture confident learners and happy, resilient young people.”
